Agenda

- Past actions
- Events Next Term

Minutes

- Past Actions
    - CW to write call to submissions
    - CW to put everything on the calendar
    - CW to figure out if Reading Group is a thing
    - IS to create advanced python workshop material
    - JR and CH to create flyers + graphic designy things
    - IS and AB to organise the EGM
    - JR and CH to announce EGM by friday week 6
- Events Next Term
    - Christmas VGAC?
        - Do we want it on the 25th or the 23rd?
            - Sentiment seems to be 23rd as people are less busy
        - No other ideas for over Christmas
    - Spring term events
        - Workshops?

- CH suggests interactive talk sort of idea, more working than talking
- Should we put out a form for these?
- IS suggests advanced Python, JR suggests Rust
- Maybe these are better for summer term
  - Talks?
    - Probably as normal
  - Probably a normal calendar; everything can proceed as normal
    - Not sure if Playtogether will continue next term
      - Need to acquire games
      - People seem to be happy to let it be a more spontaneous thing
    - We need to slot in an AGM at some point
      - Some AGM starting discussion
  - One time events
    - One time karaoke event (in Glasshouse?)
    - Quadrasci
      - Maybe need a new colour; nobody has pink (black maybe?)
    - End of term meal
      - Vote for restaurant before form
    - BGAP if the department is up for it
    - HackPub at R&G quiz night?
      - Other CS quiz nights do exist (but we could do our own without conflicting with CS, they'd have different vibes)
  - Roses is a thing
- AOB
  - Social discord channel?
    - Probably not, we already have quite a few channels
  - Make people less afraid of pinging committee/making a post in committee-forum

Actions

RM to contact Glasshouse re: karaoke
